OUR INFRASTRUCTURE

In Urtu FC training ground there are 8 football pitches: four big and four small. The club holds official home matches at home ground, with a capacity of 4775 seats. The stadium has floodlights. The main stadium is set to meet European standards, and some matches of the 2019 UEFA European Under-19 Championship taking place in Armenia took part at our stadium. At the training ground, there are two pitches with an artificial surface. Also, in Urtu FC training ground there is an indoor pitch, where it is possible to hold trainings and matches on an artificial pitch all year long. The training ground of the club has a spacious, comfortable pool, gym, and all-necessary basic training facilities for recovery procedures. There is a hotel and a dining room in the administrative building. Famous coach Fabio Capello ex-

pressed his opinion about the training ground of Urtu Football Club, saying that Urtu is an excellent place for trainings and development. *"I worked in academies for 5 years, I know very well how important it is to have such a training ground for long-term success"*, he stated.
